REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

A household soybean milk maker including a main body which defines a space for receiving water, a cover element which is openably installed on an upper end of the main body, a drive motor which is disposed in the cover element to generate rotating force upon power application thereto, a drive shaft for outputting rotating force of the drive motor, a blade which is connected to a distal end of the drive shaft, a temperature sensor for detecting a temperature of the inside of the main body, and a sieve-like container which accommodates soybeans therein and is detachably attached to the cover element, wherein a water vessel coupled to a lower end of the main body, a steam generator is arranged in the water vessel to generate steam upon power application thereto, and guide tubes are formed in the main body so that steam generated by the steam generator can be supplied through the guide tubes to soybean juice which is produced when the blade breaks the soybeans is not taught nor fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
